# Review report of the Independent Auditor To the Shareholders of Dubai Insurance Company (P.S.C.)

#### Introduction

We have reviewed the accompanying condensed interim statement of financial position of Dubai Insurance Company (P.S.C.) (the "Company") as of 30 June 2021 and the related condensed interim income statement, condensed interim statement of comprehensive income for the three months and six months periods then ended, condensed interim statement of changes in equity and condensed interim statement of cash flows for the six month period then ended and explanatory information. Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

#### Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

Notes to the condensed interim financial statements For the period ended 30 June 2021

#### 1 Legal status and activities

Dubai Insurance Company (PSC) (the "Company") is a public shareholding Company registered under the Federal Law No. 8 of 1984 (as amended) and the UAE Federal Law No. (6) of 2007 relating to commercial companies in the UAE. The Federal Law No.2 of 2015, concerning Commercial Companies has come into effect from 28 June 2015, replacing the existing Federal Law No.8 of 1984. The Company mainly issues short term insurance contracts in connection with motor, marine, fire, engineering, general accident and medical risks (collectively known as general insurance) and group life assurance. The Company also invests its funds in investment securities and properties. The registered address of the Company is P.O. Box 3027, Dubai, United Arab Emirates. The Company operates in United Arab Emirates. The shares of the Company are listed on the Dubai Financial Market.

The Federal Decree-Law No. 26 of 2020 on the amendment of certain provisions of Federal Law No. 2 of 2015 on Commercial Companies was issued on 27 September 2020 and shall take effect starting from the 2 January 2021. The Company shall apply and adjust their status in accordance with the provisions thereof by no later than one year from the date on which this Decree-Law takes effect.

#### 2 Basis of preparation

The condensed interim financial statements are for the six months period ended 30 June 2021 and are presented in United Arab Emirate Dirham (AED), which is also the functional currency of the Company. These condensed interim financial statements have been prepared in accordance with IAS 34 'Interim Financial Reporting' and do not include all of the information required in annual financial statements in accordance with IFRS and should be read in conjunction with the financial statements of the Company for the year ended 31 December 2020. Further, results for interim periods are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2021.

#### 3 Significant accounting policies

The accounting policies, critical accounting judgments and key source of estimation used in the preparation of these condensed interim financial statements are consistent with those used in the audited financial statements for the year ended 31 December 2020, except for application of new standards effective as of 1 January 2021 as several amendments and interpretations apply for the first time in 2021. However, these amendments and interpretations do not have material impact on the condensed interim financial statements of the Company.

The Company has not early adopted any standard, interpretation or amendment that has been issued but not yet effective.

#### Critical accounting estimates and judgments in applying accounting policies

The Company makes estimates and assumption that affect the reported amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may substantially be different.

Outstanding claims and technical provisions

The estimation of the ultimate liability (both technical and outstanding) arising from claims made under insurance contracts is the Company's most critical accounting estimate. These estimates are continually reviewed and updated, and adjustments resulting from this review are reflected in the income statement. The process relies upon the basic assumption that past experience, adjusted for the effect of current developments and likely trends (including actuarial calculations), is an appropriate basis for predicting future events.

Notes to the condensed interim financial statements For the period ended 30 June 2021

#### 3 Significant accounting policies (continued)

Impairment losses on insurance receivables

The Company reviews its insurance receivables on a regular basis to assess whether a provision for impairment should be recorded in the income statement. In particular, judgement by management is required in the estimation of the amount and timing of future cash flows when determining the level of allowance required. Such estimates are necessarily based on assumptions about the probability of default and probable losses in the event of default, the value of the underlying security, and realisation costs.

In addition to specific allowance against individually significant insurance receivables, the Company also makes a collective impairment allowance against insurance receivables which, although not specifically identified as requiring a specific allowance, have a greater risk of default than when originally granted. The amount of the allowance is based on the historical loss pattern for insurance receivables within each grade and is adjusted to reflect current economic changes.

Classification of investment properties

The Company makes judgement to determine whether certain properties qualify as investment properties and follows the guidance of IAS 40 'Investment Property' to consider whether any owner-occupied properties are not significant and are classified accordingly as investment properties.

Classification of investments

Management decides on acquisition of an investment whether it should be classified as of fair value through profit or loss, at fair value through other comprehensive income (OCI) or at amortised cost.

Valuation of unquoted equity investments

Valuation of unquoted equity investments is normally based on one of the following:

- recent arm's length market transactions;
- current fair value of another instrument that is substantially the same; and
- the expected cash flows discounted at current rates applicable for items with similar terms and risk characteristics; or other valuation models.

Provision for legal cases

Considerable judgement by management is required in the estimation for legal cases arising from claims made under insurance contracts. Such estimates are necessarily based on significant assumptions about several factors involving varying, and possible significant, degrees of judgement and uncertainty and actual results may differ from management's estimates resulting in future changes in estimated liabilities.

#### 4 Property and equipment

Included in property and equipment is land situated in the Emirate of Dubai, United Arab Emirates with a carrying value of AED 44,173 thousand (2020: AED 44,173 thousand). The Company's Board of Directors has resolved to construct the Company's head office on the land in the foreseeable future.

#### 5 Investment properties

Investment properties represent the Company's investments in freehold land and building situated in the Emirate of Dubai, United Arab Emirates. Additions in the investment property pertain to ongoing developments at these properties.

In 2015, the Company entered into credit facility agreements with an international bank. The loan facilities were secured against investments in debt instruments held at amortised cost amounting to AED 11,615 thousand (31 December 2020: AED 21,778 thousand) (note 6.3) used for the Company's investment operations and carried interest at 1-month USD LIBOR plus 0.5% per annum. The tenure of the loan was directly linked to the maturity period of the debt instruments which were financed by the loan. The debt instruments had maturity periods of 1 to 31 years. The net decrease in carrying amount during the period is due to repayment of loan AED 1,212 thousand by cash and cash equivalent.

#### 10 Reserves

#### Statutory reserve

In accordance with the UAE Commercial Companies Law and the Company's Article of Association, the Company has resolved not to increase the statutory reserve above an amount equal to 50% of its paid up share capital. Accordingly, no transfers have been made during the six months period ended 30 June 2021. The reserve is not available for distribution except in the circumstances stipulated by the law.

#### General reserve

Transfers to the general reserve are made on the recommendation of the Board of Directors. This reserve may be used for such purposes as deemed appropriate by the Board of Directors. During the period, no transfers to the general reserve from retained earnings were made (31 December 2020: AED 30,000 thousand).

#### Reinsurance reserve

In accordance with Insurance Authority's Board of Directors' Decision No. 23, Article 34, an amount of AED 3,956 thousand was transferred from retained earnings to reinsurance reserve during the year ended 31 December 2020. The reserve is not available for distribution and will not be disposed of without prior approval from Insurance Authority.
