Review report of the Independent Auditor To the Shareholders of Dubai Insurance Company (P.S.C.)

Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of Dubai Insurance Company (P.S.C.) (the “Company”) and its subsidiary (collectively referred to as the “Group”), as of 31 March 2022 and the related condensed consolidated interim income statement, condensed consolidated interim statement of comprehensive income, condensed consolidated interim statement of changes in equity and condensed consolidated interim statement of cash flows for the three months period then ended and explanatory information. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard 34 “Interim Financial Reporting”. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

Notes to the condensed consolidated interim financial statements

For the period ended 31 March 2022

1 Legal status and activities

Dubai Insurance Company (P.S.C.) (the “Company”) is a public shareholding company registered under the Federal Law No. 8 of 1984 (as amended). The Company is subject to the regulations of the UAE Federal Law No. (2) of 2015 (as amended) and the UAE Federal Law No. (6) of 2007 relating to commercial companies in the UAE. The Company mainly issues short term insurance contracts in connection with motor, marine, fire, engineering, general accident and medical risks (collectively known as general insurance) and group life assurance. The Company also invests its funds in investment securities and properties. The registered address of the Company is P.O. Box 3027, Dubai, United Arab Emirates. The Company operates in United Arab Emirates. The shares of the Company are listed on the Dubai Financial Market.

Federal Law by Decree No. 32 of 2021 on Commercial Companies (the “New Companies Law”) was issued on 20 September 2021 with an effective date of 2 January 2022, and will entirely replace Federal Law No. 2 of 2015 (as amended) on Commercial Companies, as amended. The Company has twelve months from the effective date to comply with the provisions of the New Companies Law.

2 Basis of preparation

The condensed consolidated interim financial statements are for the three months period ended 31 March 2022 and are presented in United Arab Emirate Dirham (AED), which is also the functional currency of the Group. These condensed interim financial statements have been prepared in accordance with IAS 34 ‘Interim Financial Reporting’ and do not include all the information required in annual financial statements in accordance with IFRS and should be read in conjunction with the financial statements of the Group for the year ended 31 December 2021. Further, results for interim periods are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

Basis of consolidation

The Group comprises of the Company and the under-mentioned subsidiary company.

<u>Subsidiary</u>	<u>Principal activity</u>	<u>Country of incorporation</u>	<u>Ownership</u>
Insurance Pool For Communication And Consulting Services/ L.L.C	Human Resources Consultancy	United Arab Emirates	100%

The condensed consolidated interim financial statements comprise the financial statements of the Company and its subsidiary (collectively referred to as the “Group”) as at 31 March 2022.

Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if, and only if, the Company has:

- power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee);
- exposure, or rights, to variable returns from its involvement with the investee; and
- the ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- the contractual arrangement with the other vote holders of the investee;
- rights arising from other contractual arrangements; and
- the Company’s voting rights and potential voting rights.

3 Significant accounting policies

The accounting policies, critical accounting judgments and key source of estimation used in the preparation of these condensed consolidated interim financial statements are consistent with those used in the audited consolidated financial statements for the year ended 31 December 2021.

The Group has not early adopted any standard, interpretation or amendment that has been issued but not yet effective.

Critical accounting estimates and judgments in applying accounting policies

The Group makes estimates and assumption that affect the reported amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may substantially be different.

Outstanding claims and technical provisions

The estimation of the ultimate liability (both technical and outstanding) arising from claims made under insurance contracts is the Group's most critical accounting estimate. These estimates are continually reviewed and updated, and adjustments resulting from this review are reflected in the income statement. The process relies upon the basic assumption that past experience, adjusted for the effect of current developments and likely trends (including actuarial calculations), is an appropriate basis for predicting future events.

Impairment losses on insurance receivables

The Group reviews its insurance receivables on a regular basis to assess whether a provision for impairment should be recorded in the condensed consolidated interim income statement. In particular, judgement by management is required in the estimation of the amount and timing of future cash flows when determining the level of allowance required. Such estimates are necessarily based on assumptions about the probability of default and probable losses in the event of default, the value of the underlying security, and realisation costs.

In addition to specific allowance against individually significant insurance receivables, the Group also makes a collective impairment allowance against insurance receivables which, although not specifically identified as requiring a specific allowance, have a greater risk of default than when originally granted. The amount of the allowance is based on the historical loss pattern for insurance receivables within each grade and is adjusted to reflect current economic changes.

Classification of investment properties

The Group makes judgement to determine whether certain properties qualify as investment properties and follows the guidance of IAS 40 'Investment Property' to consider whether any owner-occupied properties are not significant and are classified accordingly as investment properties.

Classification of investments

Management decides on acquisition of an investment whether it should be classified as of fair value through profit or loss, at fair value through other comprehensive income or at amortised cost.

Valuation of unquoted equity investments

Valuation of unquoted equity investments is normally based on one of the following:

- recent arm's length market transactions;
- current fair value of another instrument that is substantially the same; and
- the expected cash flows discounted at current rates applicable for items with similar terms and risk characteristics; or other valuation models.

3 Significant accounting policies (continued)

Critical accounting estimates and judgments in applying accounting policies (continued)

Provision for legal cases

Considerable judgement by management is required in the estimation for legal cases arising from claims made under insurance contracts. Such estimates are necessarily based on significant assumptions about several factors involving varying, and possible significant, degrees of judgement and uncertainty and actual results may differ from management's estimates resulting in future changes in estimated liabilities.

4 Property and equipment

Included in property and equipment is land situated in the Emirate of Dubai, United Arab Emirates with a carrying value of AED 44,173 thousand (31 December 2021: AED 44,173 thousand). The Group's Board of Directors has resolved to construct the Group's head office on the land in the foreseeable future.

5 Investment properties

Investment properties represent the Group's investments in freehold land and building situated in the Emirate of Dubai, United Arab Emirates. Depreciation charged during the period amounted to AED 124 thousand (31 December 2021: AED 372 thousand).

10 Reserves

Statutory reserve

In accordance with the UAE Commercial Companies Law and the Group's Article of Association, the Group has resolved not to increase the statutory reserve above an amount equal to 50% of its paid-up share capital. Accordingly, no transfers have been made during the three months period ended 31 March 2022 (31 December 2021: Nil). The reserve is not available for distribution except in the circumstances stipulated by the law.

General reserve

Transfers to the general reserve are made on the recommendation of the Board of Directors. This reserve may be used for such purposes as deemed appropriate by the Board of Directors. During the period, no transfers to the general reserve from retained earnings were made (31 December 2021: Nil).

Reinsurance reserve

In accordance with CBUAE's Board of Directors' Decision No. 23, Article 34, an amount of AED 4,640 thousand based on the reinsurance share of premium at a rate of 0.5% was transferred from retained earnings to reinsurance reserve during the year ended 31 December 2021. The reserve is not available for distribution and will not be disposed of without prior approval from CBUAE.
